

**Health Professional Schools and "Other Academic Components"**  
**INELIGIBLE To Apply for AREA Grants IN FY 2003**

The Program Guidelines for Academic Research Enhancement Awards (AREAs) stipulate that health professional schools and "other academic components" that have received more than \$3 million per year (including both direct and facilities and administrative costs) in research grants from the NIH (and former ADAMHA) in each of four or more years during the last seven years are NOT eligible for AREA grants. "Other academic components" refers to all schools, departments, colleges, and free-standing institutions at the particular institution that are not health professional schools and to the aggregate amount of any grants to all such components. The amount is based on the sum of monies awarded through the following grant mechanisms: K01, K02, K04, K05, K06, K08, K11, K12, K14-16, K20, K21, K23, K24, K30, P01, P41, P42, P50, P60, R01, R03, R10, R15, R21, R24, R29, R35, R37, R54, U01, U10, U24, U41, U42 and U54. Listed below are the health professional schools and "other academic components" that received \$3 million or more in the period from FY 1996 through FY 2002, and therefore are not eligible for AREAs in FY 2004.

Those health professional schools and other academic components that are not listed below may be eligible for AREA awards. Potential applicants are urged to review the Program Guidelines for further eligibility requirements. If questions remain, they may be direct to the Contract Person for the appropriate Institute or Center (as listed in the Program Guidelines (or the NIH AREA Program Coordinator, Ms. Marie A. Willett, [willettm@od.nih.gov](mailto:willettm@od.nih.gov).
